KWAZULU-NATAL PROVINCIAL GOVERNMENT

Part 1: General Information

Part One: General Information

Submission of the Annual Report to the Executive Authority by Accounting Officer:

As the Accounting Officer for the KwaZulu-Natal Department of Economic Development and Tourism, Vote Four, I am pleased to present to the Honourable Executive Authority, Mr Michael Mabuyakhulu the Department's Annual Report for 2009/2010 financial year. The report provides a detailed insight into the overall financial and operational performance of this portfolio from 1st April 2009 to 31st March 2010 in fulfilling its strategic and statutory obligation of championing socio-economic transformation in the province. It's with pleasure to acknowledge that once again the content of this document is indicative of shear commitment by staff and management in both the Department and our nine public entities in ensuring that we live up to our set strategic goals of making KwaZulu-Natal a globally all inclusive competitive region.

In spite of growing demand for our services from our diverse customers, I am grateful to report that we have Been responsive to these needs and reprioritised the budget accordingly. Additional responsibilities through legislation developments will require further adjustments in the forthcoming year. More importantly, this portfolio continued to strive for good governance enforced mainly within the parameters of the Public Finance Management Act of 1999 and we are determined to continue subscribing to the ethos of statutory compliance to ensure value for money and good corporate governance.

Introduction:

The mandate of the Department of Economic Development and Tourism is to ensure that there was growth in all economic sectors that have potential to make this province more competitive and able to bring about tangible socio-economic transformation in different communities across the province. For the Department to meet its strategic objectives, it has to develop practical strategic plans mapping out the mode of service delivery and associated measurement instruments to ensure impeccable deployment of allocated resources.

The Department's Five Year Term Strategic Plan serves as a basic parameter within which this portfolio operates and its implementation process is enhanced by regular development of Annual Performance Plans that illustrate what will be undertaken on a yearly basis.

This Annual Report 2009/2010 is therefore indicative of the outcome of the contents of the Annual Performance Plan 2009/2010 which was crafted under very trying conditions as the province and the country weren't immune from the recessionary conditions that hit the entire globe.

It must however, be mentioned that the Department's public entities continued to play a vital part in propelling the province towards visible economic advancement and their respective annual report documents, delivered separately would be reflective of the level of their contributions.

Vision:

KwaZulu-Natal to be a competitive economy that improves the lives of its people.

Mission:

To develop and implement strategies that encourages participatory sustainable economic development.

Values:

The department commits to providing a conducive environment to its employees. We believe and promote the culture of Ubuntu and subscribe to the following values:

- Caring and Supportive;
- Ethics and Integrity;
- Accountability;
- Transparency;
- Innovation; and
- Commitment.

Legislative Mandate:

The mandate of the Department of Economic Development and Tourism is to influence the direction of the KwaZulu-Natal provincial economy, and position it on a sustainable growth path that systematically reduces high levels of poverty and unemployment. It is to create opportunities for previously disadvantaged communities, enable them to participate in the mainstream economy, and reduce income and wealth disparity.

Through this, the Department aims to improve access of marginalized people to basic services, and thus addressing the problems that result from both the imbalances caused by apartheid and post apartheid service delivery failure.

The mandate of the department is derived from the Constitution, specific legislation and National Policies and Strategies as well as provincial strategies. The mandate of the department can be summarized as:

Creating a conductive environment for shared economic growth which is informed by:

- The Integrated Manufacturing Strategy
- National Industrial Policy Framework (IPAP)
- National LED Framework
- Provincial Spatial economic Development Strategy (PSEDS)
- Accelerated Shared Growth Initiative of South Africa (ASGISA)
- Growth, Employment and Redistribution (GEAR)
- Schedule 4 of the Constitution namely TRADE, INDUSTRIAL PROMOTION, URBAN AND RURAL DEVELOPMENT

Champion economic transformation which is informed by:

- BBBEE Act, PPPFA, KZN BEE Strategy
- Schedule 4 of the Constitution namely URBAN AND RURAL DEVELOPMENT

Oversee and co-ordinate the implementation of economic policies and strategies which is informed by:

- PSEDS, IGR Act, IDS
- Schedule 4 of the Constitution namely PROVINCIAL PUBLIC ENTITES

Annual Report 2009/2010

Provide leadership in the formulation of economic policy, strategy and related legislation which is informed by:

- Liquor Act, Unfair Businesses Act, Businesses Act, Small Business Development Act, Co-operatives Act (Bank),
 SMME Act
- Schedule 4 and 5 of the Constitution namely LIQUOR LICENSES and CONSUMER PROTECTION

Other legislation and government policy frameworks which govern the administration of the department are:

- Constitution of the Republic of South Africa, 1996 Act 108 of 1996
- Public Service Act, 1994 Proclamation 103 of 1994
- Public Service Regulations, 2001
- Public Finance Management Act, 1999 Act 1 of 1999
- National Treasury Regulations Gazette 23463
- Labour Relations Act, 1995 Act 66 of 1995
- Promotion of Access to Information Act, 2000 Act 2 of 2000
- Employment Equity Act, 1998 Act 55 of 1998
- Promotion of Administrative Justice Act 3 of 2000
- Basic Conditions of Employment Act, 1997 Act 75 of 1997
- The Companies Act 2004 Act 20 of 2004
- Occupational Health and Safety Act, 1993 Act 85 of 1999
- Equality and Prevention of Unfair Discrimination Act 4 of 2000.

Mr Michael Mabuyakhulu, MPP MEC for Economic Development & Tourism

Foreword by the Executive Authority:

In his seminal work, the Tale of Two Cities, one of the foremost English writers Charles Dickens wrote: "It was the best of times; it was the worst of times". While these words were written more than a century ago, Dickens could have been referring to the contrasting fortunes of the province of KwaZulu-Natal; our country South Africa and indeed the rest of the world.

For never before has the province of KwaZulu-Natal experienced such a basket of mixed fortunes, coupled with a confluence of endless possibilities in one financial year.

For starters, the 2009/2010 financial year started at the time when the global economy was on the skids owing to the biggest financial meltdown of our age. Given the interconnectivity of the world, it came as no surprise that KwaZulu-Natal be-

came one of the casualties of this downturn.

As a result, during the first quarter of the 2009/2010 financial year the province of KwaZulu-Natal lost 117 000 jobs, thereby earning the unenviable distinction of being the hardest hit province. Indeed these were the difficult times during which KwaZulu-Natal had to dig deep into its wealth of creativity and innovation in order to extricate our province from the economic morass.

Instead of wallowing in despair, our province took a bold and pro-active step to deal with the impact of the economic recession by convening the groundbreaking Economic Recovery and Jobs Summit which brought together all our stakeholders from business, labour and civil society to look at the ravaging impact of the recession on our province and devise strategies of extricating our province from the economic meltdown.

Not only did the Summit become a phenomenal success but it provided a blue print for the rest of the country to follow when dealing with the challenges brought about by the recession. Indeed, when the economic wheels began to turn in the whole country our province notched up an above national average growth of 3, 7 percent, a development which testified to the correctness of our collective resolve to take bold and pro-active actions to stem the tide of economic meltdown in our province. It was also during this financial year that our province, like the rest of the country, experienced the biggest injection of capital expenditure as South Africa readied herself for the biggest sporting spectacle on earth, the 2010 FIFA Soccer World Cup.

The excitement and the positive mood, coupled with billions of rands which were spent on infrastructure development not only helped to keep the wheels of the economy rolling, but it confirmed our often stated position that state investment should be the catalyst for growth. But more importantly it shielded our province and indeed our country from the worst effects of the economic turbulence as evidenced by the bail outs, which elsewhere in other countries had to be doled out, in order to bail out some of the biggest economies in the world. During this financial year, our province, through our entity the Dube Trade Port also made significant strides in constructing Dube Trade Port, incorporating the King Shaka International Airport which, once completed, will put the province on the global map.

On the tourism front, the province of KwaZulu-Natal, in spite of the economic down turn continued to hold its own, with the industry contributing R20 billion to the province's coffers. Despite the grinding economic recession, our province, through our agency, Trade and Investment KZN also accelerated its efforts to promote the province as an investment destination of choice.

These efforts were rewarded when our province during the year under review netted R638 million worth of domestic and foreign investment. The challenge facing the province is to use our comparative advantage of having a multi modal transport system and the two of Africa's busiest airport to our advantage.

If there is one lesson that we all have to learn from the economic meltdown it is that if KwaZulu-Natal is to hold its own in the challenging global economic space in which we operate, we need to be innovative and to use our comparative and competitive advantages. The economic script has been rewritten. KwaZulu-Natal can no longer afford to do things the normal way.

The financial year under review was a year of doing more with less and we feel that our province rose to this challenge. We also improved our strategies with regards to the investment into our economic empowerment programmes, particularly the co-operatives programme. We have noticed the growth of leaner and sector-focused co-operatives that are self sustaining and able to achieve their mandate. We have not yet reached our desired goal in respect of this programme but we are convinced that the path we have taken, borne out of our own practical experiences and lessons from our sister countries, is the correct one.

We have been bold, decisive and innovative in re-affirming and re-shaping the mandate and the approach of our public entities. Already we are beginning to observe positive spin-offs which stem from our collective efforts. For this we are highly indebted to the leadership of these entities comprising both their boards as well as Chief Executive Officers.

We could not have had the best out of a bad situation were it not for the leadership of our Department and the dedication of Team Economic Development and Tourism. For this, we salute Ms Carol Coetzee and her team for a job well done even when the conditions were not the best. We re-affirm our commitment to building an economy that creates opportunities for all and making tourism work for us all. Working together with all of our partners, we are more than convinced that this objective is achievable.

Michael Mabuyakhulu, MPP

KwaZulu-Natal MEC for Economic Development and Tourism

Ms Carol Lyn Coetzee Accounting Officer

Accounting Officer's Remarks

The reorganization of the Department following the general elections in April 2009 necessitated the review of our programmes which included the re-incorporation of the tourism function and increase in the number of public entities to strengthen our delivery mechanisms. This growth had to be reciprocated with the deployment of additional materials such as logistical, financial and human resources to meet the new obligations.

It was also critical that as we embraced new responsibilities, we ensured that compliance with key corporate governance prescripts wasn't compromised to weaken our resolve of enforcing a cost-effective provision of services to our diverse clientele. The content of this 2009/2010 annual report is the testimony that in spite of challenges related to the impact of the global recession that spared neither the private nor the public sector this organization was able to live up to its billing in addressing the needs

of both emerging and established enterprises battling the rigors of the world economic contraction.

The collective resolutions taken at the Provincial Jobs & Economic Recovery Summit became a potent adenine to ensure that jobs were protected whilst struggling businesses were assisted with appropriate strategies to survive the carnage. This traumatic period threatened not only the socio-economic stability in many communities, but could have scupperred the country's and the province's capacity to host a successful 2010 FIFA World Cup. However, it's pleasing to note that the Department actively got involved in ring-fencing and sustaining growth prospects for the province which by the end of this financial year under review there were promising signs for recovery to coincide with the world cup tournament.

But more importantly, high profile projects like infrastructure development initiatives – mainly prepared for hosting the world cup tournament helped reduce the recessionary conditions – with more people having been hired for the construction of the stadiums and the airport as well as other telecommunication facilities. Subcontracted emerging entrepreneurs played an active part in this process – helping to distribute income generated through these massive projects. With one of our entities, Dube Trade Port being in the centre of the conceptualization and construction of new King Shaka International Airport on the north of Durban, the Department has valid reasons to claim part of the glory related to efforts to kite the province out of the economic quagmire. The airport would be a catalyst in elevating the province as one of the attractive tourists and investment destinations the world over.

Whilst on the world cup hype, the Department also invested handsomely on positioning small scale businesses to seize opportunities during this sporting spectacle using the public viewing areas to sell their products. This featured publicity campaigns to mobilize interested entrepreneurs and informing them about business conditions relating to FIFA controlled designated areas – and this included accessing special permits to sell alcoholic beverages in these sites.

Once again, while we acknowledge that we can still improve in specific areas, we are satisfied with the level of commitment demonstrated by staff and management in ensuring the Department remains the springboard for socio-economic advancement in the province. Of particular importance is that once again the Department received an unqualified Auditor-General's assessment notwithstanding some areas that would require our special attention in the subsequent financial years. The continuous attainment of parity between service delivery and financial reports was also made possible by our MEC, Mr Michael Mabuyakhulu who quickly set the tone for envisaged direction he wanted to be pursued by this Department – which made restructuring of this portfolio a seamless process to ensure we remained focus on achieving our set targets.

However, the forthcoming financial year would be characterized by emphasis on the promotion of corporate governance to ensure compliance following the full embrace and consolidation of new responsibilities into the organizational psyche. The provision of requisite resources to capacitate the Department's monitoring and evaluation unit would be an essential element to be able to keep track on our delivery processes in tandem with the input resource deployed in each project. This will have a bearing on the quality of service delivery and regular reporting on progress made by the Department in meeting it set strategic targets.

Ms Carol Lyn Coetzee Accounting Officer

Department of Economic Development and Tourism

Umnyango Wezokuthuthukiswa Komnotho Nezokuvakasha

KWAZULU-NATAL PROVINCIAL GOVERNMENT

Part 3:
Report of
Audit Committee

PART THREE: REPORT OF AUDIT COMMITTEE

REPORT OF THE AUDIT AND RISK COMMITTEE ON VOTE 4 – ECONOMIC DEVELOPMENT AND TOURISM

The KwaZulu-Natal Provincial Audit and Risk Committee is pleased to present their report for the financial year ended 31 March 2010.

Audit and Risk Committee Members and Attendance:

The Audit and Risk Committee consists of the members listed hereunder. During the year under review two (2) members resigned from the committee. Furthermore the Audit and Risk Committee was re-organised during December 2009 to align to the Government Clusters arrangement and this has resulted in the appointment of five (5) additional members. The Cluster Audit & Risk Committees (CARC) and the Provincial Audit & Risk Committee (PARC) are required to meet at least four times and two times respectively in a financial year. During the financial year ending 31 March 2010 a total of eight (8) meetings were held, namely, three (3) PARC meetings, three (3) CARC meetings and two (2) special meetings. Members attended the meetings as reflected below:

| Surname & Initial | PARC | CARC | Special | Total |
|---------------------------------------|------|------|---------|-------|
| Adv BS Khuzwayo (Chairman) | 3 | 3 | 2 | 8 |
| Mr V Naicker | 3 | 3 | 1 | 7 |
| Mr N Mhlongo (Appointed 01 Feb 2010) | 1 | 1 | 1 | 3 |
| Mr S Taku (Appointed 01 Dec 2009) | 1 | 1 | 1 | 3 |
| Mr P Mnisi (Appointed 01 Dec 2009) | 1 | 0 | 0 | 1 |
| Ms P Gobinca (Appointed 01 Dec 2009) | 1 | 0 | 1 | 2 |
| Ms E Ogunniyi (Appointed 01 Dec 2009) | 1 | 1 | 1 | 3 |
| Ms T Sibanyoni (Resigned 11 Nov 2009) | 1 | 0 | 0 | 1 |
| Adv S Kuboni (Resigned 26 Feb 2010) | 1 | 0 | 1 | 2 |

Audit and Risk Committee Responsibility

The Audit and Risk Committee reports that it has complied with its responsibilities arising from Section 38 (1) (a) (ii) of the Public Finance Management Act and Treasury Regulation 3.1.13. The Audit and Risk Committee also reports that it has adopted appropriate formal terms of reference as its Audit and Risk Committee Charter, has regulated its affairs in compliance with this charter and has discharged all its responsibilities as contained therein.

The Effectiveness of Internal Control

The system of controls is designed to provide cost effective assurance that assets are safeguarded and that liabilities and working capital are efficiently managed. In line with the requirements of the PFMA and the King Report on Corporate Governance, Internal Audit provides the Audit and Risk Committee and management with assurance that the systems of internal controls are appropriate and effective. This is achieved by means of the

risk management process, as well as the identification of corrective actions and suggested enhancements to the controls and processes. From the various reports of the Internal Auditors, the Report of the Auditor-General on the Annual Financial Statements and the management report of the Auditor-General, it was noted that no significant or material non compliance with prescribed policies and procedures have been reported, except for weaknesses identified in the management of Ethics, Performance Information, Co-Operatives Development programme, Asset Management, Supply Chain Management and Small Medium Macro Enterprises programme.

The quality of in year management and monthly/ quarterly reports submitted in terms of the Treasury Regulations and the Division of Revenue Act

The Audit and Risk Committee is satisfied with the content and quality of monthly and quarterly reports prepared and issued by the Accounting Officer and the Department during the year under review, except for the material under-spending of the budget in the current financial year as well as the lack of policies related to transfer payments and the non-confirmation of compliance with contractual obligation before transferring funds to the beneficiaries.

Evaluation of Financial Statements

The Audit and Risk Committee has evaluated the audited annual financial statements and the Auditor-General's management report and management's response thereto. The Audit and Risk Committee concurs and accepts the Auditor-General's conclusions on the annual financial statements, and is of the opinion that the audited annual financial statements be accepted and read together with the report of the Auditor-General.

Chairman: on behalf of the Provincial Audit and Risk Committee

Date: 10 August 2010

Report of the Accounting Officer for the year ended 31 March 2010

1. Introduction

The purpose of the Report of the Accounting Officer is to highlight specific financial matters of the period under review. These specific matters are discussed in the headings below.

Report by the Accounting Officer to the Executive Authority and Parliament/Provincial Legislature of the Republic of South Africa

3. General review of the state of financial affairs

Following the elections in May 2009, the department received a function shift in the form of the tourism mandate. This function shift resulted in a realignment of resources in the form of budgets, personnel, offices and systems. The realignment process and tabling of budgets late in the year, had an impact on the effectiveness of the department. Coupled with this significant change in operations, the department was further hindered by the decision to freeze all posts in government. The Department had undertaken a review of their organisational structure and in order to ensure that we deliver against our new mandate it was critical that positions were filled. Furthermore, there were a number of resignations and vacancies arising from natural attrition, which further impacted on the Department's service delivery. This is reflected in the significant increase in personnel costs from R63 million in 2008/09 to R100 million this year. An under provision of budgets associated with the function shift and the establishment of a ministry not catered for, resulted in significant shifts of funding during the year.

An additional responsibility of the department was the establishment of the Agri-Business Development Agency, wherein the Department was required to ensure that appropriate budgets and resources were put in place for the new financial year.

The Department therefore now has nine entities over which it plays an oversight role, which requires detailed attention to ensure that funds are appropriately transferred to entities which maintain adequate controls.

In line with the cost-cutting measures the Department, additional to putting in place measures to curtail costs in S&T and other related initiatives, undertook to stop any projects wherein the procurement process had not been finalised in October of last year, which collectively led to an underspend of R67 million. The main reasons for procurement processes not having been concluded by October was due to the severe lack of quality proposals which resulted in projects being re-advertised during the year. Included in this amount was he administrative costs associated with personnel not appointed during the year. Where projects were approved, these began late and as a result expenditure will be carried over into the new financial year in terms of contractual commitments.

Leading up to the 2010 FIFA World Cup, the department engaged in several activities, including that of hosting public viewing areas, promotion campaign locally and internationally and establishing the first provincial website in the country. These activities are to ensure that we the province and the department capitalise on the opportunity which this event presents to the province in terms of local and international exposure.

The table below reflects the position per programme and reinforces what is indicated above in terms of the areas of under-spending.

| Programme | Final Appropriation | Actual Expenditure | Variance |
|--|---------------------|--------------------|----------|
| P1: Administration | 155,271 | 146,275 | 8,996 |
| P2: Integrated Economic Empowerment Services | 258,104 | 231,305 | 26,799 |
| P3: Trade & Industry Development | 2,043,976 | 2,016,308 | 27,668 |
| P4: Business Regulation and Governance | 24,178 | 21,130 | 3,048 |
| P5: Economic Planning | 10,872 | 10,299 | 573 |
| TOTAL | 2 492 401 | 2 425 317 | 67 084 |

The Department of Economic Development under-spent its budget by R67.084 million, or 2.7 percent, for the vote as a whole.

Programme 1: Administration

The full budget for programme 1 during the financial year.

Programme 2: Integrated Economic Development Services

As indicated above three key projects began late during the year and hence expenditure was low against the allocated budget with carry over effects for the new financial year. These included KZN Youth Training (R9,6 million), Co-operative Business Training (R3,6 million), Co-operative Competency Training (R2,8 million). In terms of the Richmond project, there have been service delivery challenges and a review of the implementation model resulting in under-spending of R5 million.

Programme 3: Trade and Industry Development

Similarly to programme two above, the underspend related to a delay in a large co-operative clothing and textile project as it was a first of its kind as well as the establishment of the integrated crafts hub both amounting to R25,6 million underspend. These projects will continue for the next three years and hence the need to ensure that the establishment was appropriate from the onset.

Programme 4: Business Regulation and Governance

Under-expenditure in this programme amounted to under-spent by R3.047 million or 12.8 per cent due to delays in the audit of Liquor Licences (R400,000), the establishment of a Liquor Licence Call Centre (R600,000), the appointment of Liquor Inspectors on contract (R400,000) as well as delays in the formulation of an Informal Economy Policy (R900,000).

Programme 5: Economic Planning

The full budget for programme 5 was spent during the financial year.

Virement:

| | Maria | Addit | ional appr | opriation | Total | ام مان دام ما |
|--|-----------------------|------------|------------|-------------------|--------------------------|------------------------|
| | Main appropriation | Roll-overs | Virement | Other adjustments | additional appropriation | Adjusted appropriation |
| P1: Administration | 118 189 | | 24 000 | 4 711 | 28 711 | 146 900 |
| P2: Integrated Economic Empow- erment Services | 558 950 | | (298 600) | - | (298 600) | 260 350 |
| P3: Trade & Industry Development | 1 740 775 | | 304 700 | 5 000 | 309 700 | 2 050 475 |
| P4: Business Regulation and Governance | 52 538 | | (28 700) | - | (28 700) | 23 838 |
| P5: Economic Planning | 17 238 | | | (5 000) | (6 400) | 10 838 |
| TOTAL | 2 487 690 | | - | 4 711 | 4 711 | 2 492 401 |

Virement – Programme 1: Administration: R24,000 million

The Department shifted funds between programmes and economic categories to offset spending pressures. The net increase of R24, 000 million in Programme 1 is due to the following:

R24 million was moved to this programme from savings identified in Programme 4: Business Regulation and Governance due to delays in the promulgation of the KZN Liquor Bill to provide for the cost of 2010 projects and to provide for the Office of the MEC. The main allocation of this funding was to Goods and services and Machinery and equipment. A further R1 million from savings was identified in Compensation of employees which was moved to Goods and services to assist with the cost of 2010 projects.

Other adjustments – Programme 1: Administration: R4,711 million

An amount of R4.711 million was shifted from Vote 6: Provincial Treasury to the department being the portion of the previously joint-ministry budget which is being allocated to the department. The post-election provincial reconfiguration resulted in some ministries changing from being joint-ministries to being stand-alone ministries.

Virement – Programme 2: Integrated Economic Development Services: (R298,600 million)

The Department shifted funds between programmes and economic categories to offset spending pressures. This was as a result of rollovers not being approved by Provincial Treasury. The funds requested for rollover had been deliberately withheld to ensure that the overdraft of the province was minimised. The net decrease of R298.600 million in Programme 2 is due to the following:

An amount of R100 million was reallocated from the Growth Fund due to the delays in finalising Growth Fund 2 due to financial institutions being impacted on by the economic recession. Similarly this impacted on the ability of Ithala to finance loan applications given the economic climate and associated risks and hence the allocation of R85 million was withheld from Ithala.

This funding was utilised for Richards Bay Industrial Development Zone (RBIDZ) – R50 million and Dube Trade Port expenditure for the previous financial year and in line with contractual commitments to the tune of R185 million. The shortfall was funded through a reprioritisation of the departmental budget.

Virement – Programme 3: Trade and Industry Development: R304, 700 million

The Department shifted funds between programmes and economic categories to offset spending pressures. The net increase of R304.700 million in Programme 3 is due to the following:

R93.521 million was allocated to Goods and services to fund high impact projects such as the Partnership with Crossley Carpets (R7 million), The Moses Kotane Programme (R30 million), The Clothing & Textile Support Programme (R20 million), Sector Cluster Support Programme (R7 million), The Industrial Upgrading & Modernisation Programme (R7 million) and the KZN Provincial Business Regeneration and Support Strategy.

A total of R59 million identified in Goods and Services was allocated to Transfers and subsidies to: Public Corporations and private enterprises to provide additional funding of R50 million for the RBIDZ and R9 million of additional funding for the KZN Tourism Authority in respect of Tourism Indaba for the past two years.

A total of R159.463 million identified was allocated Transfers and subsidies to Non-profit institutions to provide for costs not rolled-over from 2008/09 in respect of the Dube Trade Port project (R154.000 million), R30 million in respect of the Moses Kotane Institute and the balance of the amount was made up of a number of smaller adjustments.

Other adjustments – Programme 3: Trade and Industry Development: R5, 000 million

An amount of R5.000 million in respect of the Film Festival, as well as the Film Commission was moved to the Sector Development Unit under this programme as this programme was deemed more appropriate to deal with the project.

Virement – Programme 4: Business Regulation and Governance: (R28,700 million)

The Department shifted funds between programmes and economic categories to offset spending pressures. The net decrease of R28.700 million in Programme 4 is due to the following:

A total of R29.126 million in respect of Transfers and subsidies to: Public corporations and private enterprises was moved to Programme 1: Administration and Programme 3: Trade and Industry Development to provide for additional funding for the Richards Bay Industrial Development Zone (RBIDZ) and high impact projects in that programme. The funding arose due to the Bill not been promulgated and hence the establishment of the entity not taking place.

An amount of R3.726 million was allocated to Goods and services to provide for temporary staff for the Liquor entity and the cost of an audit of liquor licences.

Virement – Programme 5: Economic Planning: (R1,400 million)

The Department shifted funds between programmes and economic categories to offset spending pressures. The net decrease of R1.400 million in Programme 5 is mainly due to savings of R1.200 million identified under Goods and services which were transferred to Programme 1: Administration and Programme 3: Trade and Industry Development to fund spending pressures in these programmes.

Other adjustments – Programme 5: Economic Planning: (R5,000 million)

An amount of R5.000 million in respect of the Film Festival, as well as the Film Commission was moved to the Sector Development Unit under Programme 3 as that programme was deemed more appropriate to deal with this project.

Services rendered by the Department 4.

- The department renders the following core functions in terms of its mandate:.
 - Creating conductive environment for shared economic growth which is informed by: a.

The Integrated Manufacturing Strategy

National Industrial Policy Framework (IPAP)

National LED Framework

Provincial Spatial economic Development Strategy (PSEDS)

Accelerated Shared Growth Initiative of South Africa (ASGISA)

Growth, Employment and Redistribution (GEAR)

Schedule 4 of the Constitution namely TRADE, INDUSTRIAL PROMOTION, URBAN AND RURAL DEVELOP-**MENT**

Champion economic transformation which is informed by: b.

BBBEE Act, PPPFA, KZN BEE Strategy Schedule 4 of the Constitution namely URBAN AND RURAL DEVELOPMENT

Oversee and co-ordinate implementation of economic policies and strategies which is informed by:

PSEDS, IGR Act, IDS

Schedule 4 of the Constitution namely PROVINCIAL PUBLIC ENTITES

Provide leadership in the formulation of economic policy, strategy and related legislation which is informed by:

Liquor Act, Unfair businesses Act, Businesses Act, Small Business Dev Act, Co-ops Act (Bank), SMME

Schedule 4 and 5 of the Constitution namely LIQUOR LICENSES and CONSUMER PROTECTION

In addition the following services are rendered:

- Unlock key anchor investment projects,
- Undertake a process of development planning,
- Promote SMME's and co-operatives,
- Promote internal and external trade,
- Promote rural and local economic development.
- Effectively manage parastatals as instruments of delivery and economic co-ordination.
- Administration of Liquor Licenses for KwaZulu-Natal
- Consumer Protection Services for KwaZulu-Natal

4.2 Tariff policy

The fees charged by the department for Liquor Licenses are prescribed in the Liquor Act 27 of 1989 nationally.

4.3 Free Services

Consumer Affairs division of the Department continued to protect, promote and further the rights and interests of consumers in the Province of KwaZulu-Natal.

The Consumer Affairs division sees its primary responsibility as the spreading of consumer awareness and developing a rights culture in the Province. It achieves this through two specific interventions viz. Consumer Complaints Handling and Consumer Education.

These services are provided to the general public at no cost.

4.4 Inventories

The total inventories on hand at year-end are included in the Annexure on Inventory in the Annual Financial Statements.

5. Capacity constraints

As per the Provincial Treasury Circular on cost cutting measures, the Department had a number of posts that remained vacant for the whole financial year. Some of these posts were both strategic and critical, as they were at the SMS level. There were other technical posts that the Department could not fill, but as per the requirement of the circular, these were then submitted to the Executing Authority.

Utilisation of donor funds

The department acts as a contracting authority with regard to a LED funding partnership with the EU, the Gijima KZN LED Support Programme. This programme brings together skilled private and public sector technical teams funded through the EU and the provincial government. As at December 2009, the following was achieved:

- A cumulative total of 4 200 jobs were created through the programme (922 permanent, 1 277 saved and 2 001 temporary/seasonal employment);
- A cumulative total of 1 740 people went through training and skills development initiatives offered by the department:
- The department, together with the EU, contracted with UKZN in December 2009 to offer the LED post graduate programme. It is envisaged that this programme will enhance the LED body of knowledge and capacitate municipal officials, as well as other LED stakeholders and practitioners;

Trading entities and public entities

Ithala Development Finance Corporation Limited

Ithala is KwaZulu-Natal's sole development finance agency and strives to create sustainable economic growth in this Province. Ithala is listed on Schedule 3 D of the Public Finance Management Act and has ring-fenced banking activities which provide banking services to the citizen of the Province. Its mandate is:

- Mobilising financial resources and providing financial and supportive services to persons domiciled, ordinarily resident, or carrying on business within the Province;
- 2. Planning, executing, financing and monitoring the implementation of development projects and programmes in the Province;
- 3. Promoting, assisting and encouraging the development of the Province's human resources and its social, economic, financial and physical infrastructure;
- Promoting, encouraging and facilitating private sector investment in the Province and the participation of 4. the private sector and community organisations in development projects;
- 5. Programmes and in contributing to economic growth and development generally; and
- Acting as the government's agent for performing any development-related tasks and responsibilities that the government considers may be more efficiently or effectively performed by a corporate entity.

R 1,971,446 000

9. Public private partnerships (PPP)

The department has not entered in to any public private partnerships.

10. Corporate governance arrangements

All SMS members within the Department went for Risk Management Training, with the Provincial Treasury led training initiatives. This was also in line with preparation for all Departments to take over the Risk Management function, as per the proposed Provincial Risk Management Framework. Risk Management is also now a standing item for discussion at the Department's Management Committee bi-weekly meetings. For now there is a common understanding from all Managers on the importance of Risk Management, and most importantly the inclusion of Risk discussions in the compilation of the Department's annual strategic plan, and the monitoring on the imple-

mentation of the various plans.

The Department relies on the service of the independent audit committee and internal audit unit, which is shared by all departments in the province in line with the Provincial Cabinet decision.

The Department has an Internal Control unit which is responsible for risk management and the implementation and monitoring of the Fraud prevention policy. This unit also from time to time works with the Internal Audit unit from the Provincial Treasury, as and when the Treasury needs to carry out any audit assignment. The Internal Control unit currently has two staff members, a proposal has been discussed to increase the unit so that it will audit all Departmental functions either than the Finance Chief Directorate only, although this was proposed a year ago, the freezing of posts led to the delayed implementation of this. The reporting lines have been moved to the SGM: Administration as a direct supervisor.

All members of the various Supply Chain Management committees are required for every bid meeting to sign forms on conflict of interest.

The Human Resource directorate is responsible for managing the implementation of the code of conduct across the whole department, and from time to time to run information sessions for all departmental staff.

The Security and OHS directorate is responsible for safety, health and environmental issues for the whole Department, and there is a proposal to move the OHS from Security to Employee Wellness. For the 2009/10 financial year, there were no serious issues that faced the department in this area.

The Department complies fully with the requirements as listed in section 38 and 40 of the Public Finance Management Act (PFMA).

11. Discontinued activities/activities to be discontinued

The Department did not have any discontinued activities for the 2009/10 financial year.

12. New/proposed activities

The Department does not have any new/proposed activities for the 2010/11 financial year save for the fully operational Agricultural Development Agency and two entities which should be established once the Bills have been enacted namely the Film Commission and the Liquor Entity. The department will also be converting the TIKZN and DTP into public entities.

13. Asset management

The Department complies with all the Asset Management framework and milestones as managed and monitored by Provincial Treasury. The Department also fully utilises the Hardcat software system for its asset management.

14. Events after the reporting date

Currently there are no events (adjusting and non-adjusting), favourable and unfavourable that occurred after the reporting date and the date of approval of the Annual Financial Statements.

15. Performance information

The reporting of performance information is as per the National Treasury Framework, where the process is started by the compilation of the Departmental Annual Performance Plan. On a quarterly basis, all actuals against quarterly targets are sent to the Provincial Treasury. The Department's Monitoring and Evaluation directorate, also on a quarterly basis, takes all the submitted actuals and verifies that the supporting information does exist.

16. SCOPA resolutions

There were no SCOPA resolutions for the Department in this financial year.

17. Prior modifications to audit reports

The Department received a clean report for the 2008/09 financial year. The section on other reports contained matters with regard to on-going investigations. These matters are as follows:

- Mismanagement of finances at a poultry co-operative
- Embezzlement of funds at the Bee Foundation
- Fraud and corruption in the KwaZulu-Natal Business Rehabilitation Trust Fund.

18. Exemptions and deviations received from the National Treasury

No matters to be reported in this financial year.

19. Other

There are no other material facts or circumstances which may have an effect on the understanding of the state of financial affairs for the Department.

20. Approval

The Annual Financial Statements set out on pages 55 to 118 have been approved by the Accounting Officer.

Carol Lyn Coetzee Accounting Officer 31 May 2010

REPORT OF THE AUDITOR-GENERAL TO THE KWAZULU-NATAL PROVINCIAL LEGISLATURE ON THE FINANCIAL STATEMENTS OF **VOTE NO. 4: DEPARTMENT OF ECONOMIC DEVELOPMENT AND TOURISM FOR THE YEAR ENDED 31 MARCH 2010**

REPORT ON THE FINANCIAL STATEMENTS

Introduction

I have audited the accompanying financial statements of the department, which comprise the appropriation statement, the statement of financial position as at 31 March 2010, the statement of financial performance, statement of changes in net assets and cash flow statement for the year then ended, a summary of significant accounting policies and other explanatory information, as set out on pages 55 to 118.

Accounting officer's responsibility for the financial statements

The accounting officer is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting determined by the National Treasury, as set out in accounting policy note 1.1 and in the manner required by the Public Finance Management Act of South Africa, 1999 (Act No. 1 of 1999) (PFMA) and the Division of Revenue Act of South Africa, 2009 (Act No. 12 of 2009) (DoRA) and in the manner required by the PFMA. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor-General's responsibility

- As required by section 188 of the Constitution of South Africa and section 4 of the Public Audit Act of South Africa, 2004 (Act No. 25 of 2004)(PAA), my responsibility is to express an opinion on the financial statements based on my audit.
- I conducted my audit in accordance with International Standards on Auditing and General Notice 1570 of 2009 issued in Government Gazette 32758 of 27 November 2009. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
- An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

6. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

7. In my opinion, the financial statements present fairly, in all material respects, the financial position of the department as at 31 March 2010 and its financial performance and its cash flows for the year then ended in accordance with the modified cash basis of accounting determined by the National Treasury, as set out in accounting policy note 1.1 and in the manner required by the PFMA and DoRA.

Emphasis of matter

8. I draw attention to the matters below. My opinion is not modified in respect of these matters:

Irregular expenditure

9. As disclosed in note 25 to the financial statements, irregular expenditure to the amount of R1,8 million was incurred without meeting the criteria for emergency and /or urgent, thus avoiding a proper tender process.

Basis of accounting

10. The department's policy is to prepare financial statements on the modified cash basis of accounting described in accounting policy note 1.1 to the financial statements.

Additional matters

11. I draw attention to the matters below. My opinion is not modified in respect of these matters:

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

12. In terms of the PAA and General Notice 1570 of 2009, issued in Government Gazette No. 32758 of 27 November 2009, I include below my findings on the report on predetermined objectives, compliance with laws and regulations and internal control.

Findings

Predetermined objectives

Reliability of reported performance information

The following criteria were used to assess the usefulness of the planned and reported performance:

- **Validity:** Has the actual reported performance occurred and does it pertain to the entity, i.e. can the reported performance information be traced back to the source data or documentation?
- **Accuracy:** Amounts, numbers and other data relating to reported actual performance has been recorded and reported appropriately.
- **Completeness:** All actual results and events that should have been recorded have been included in the reported performance information.

The following audit findings relate to the above criteria:

The reported targets could not be verified for completeness, accuracy or validity as inadequate supporting documentation was provided

13. For a number of indicators that are material by nature, the completeness, accuracy and validity of the reported targets could not be established as sufficient appropriate audit evidence was not provided in support of the internal controls.

Supporting documentation for performance information not provided for audit

Sufficient appropriate audit evidence in relation to detailed tests selected on programmes 2 and 3 was not provided. There were also no satisfactory audit procedures that I could perform to obtain the required assurance as to the completeness, accuracy and validity of the reported information.

Compliance with laws and regulations

Treasury Regulations of 2005

Non-adherence to requirements

15. Contrary to Treasury Regulation 8.2, payments totalling R4,7 million were not made within 30 days of receipt of invoice as required and there were no documented reasons for the invoices that were under dispute.

INTERNAL CONTROL

16. I considered internal control relevant to my audit of the financial statements and the report on predetermined objectives and compliance with the PFMA, but not for the purposes of expressing an opinion on the effectiveness of internal control. The matters reported below are limited to the deficiencies identified during the audit.

Leadership

17. The accounting officer did not exercise oversight responsibility over compliance with the PFMA and Treasury Regulation 8.2, which resulted in payments not being made within 30 days of receipt of invoice.

Financial and performance management

18. The financial statements and performance information were not adequately reviewed for completeness and accuracy prior to submission for audit. In addition, controls were not designed to ensure that all transactions that have occurred are completely and accurately processed and reported.

OTHER REPORTS

Investigations in progress

- 19. An investigation has been conducted into the embezzlement of funds at the BEE Foundation. This investigation dealt with receiving of commission, tender processes that were not followed and the utilisation of funds contrary to the provisions of the agreement with the Foundation.
- 20. An investigation is being conducted into fraud and corruption in a Trust. The second phase of the investigation is in progress and was requested by the department. The investigation involves the use of guarantees obtained from the Trust to purchase trading stock which was not paid for, while the guarantees were also not repaid.

Accounting Policies for the year ended 31 March 2010

The Financial Statements have been prepared in accordance with the following policies, which have been applied consistently in all material aspects, unless otherwise indicated. However, where appropriate and meaningful, additional information has been disclosed to enhance the usefulness of the Financial Statements and to comply with the statutory requirements of the Public Finance Management Act, Act 1 of 1999 (as amended by Act 29 of 1999), and the Treasury Regulations issued in terms of the Act and the Division of Revenue Act, Act 2 of 2006.

Presentation of the Financial Statements

1.1 Basis of preparation

The Financial Statements have been prepared on a modified cash basis of accounting, except where stated otherwise. The modified cash basis constitutes the cash basis of accounting supplemented with additional disclosure items. Under the cash basis of accounting transactions and other events are recognised when cash is received or paid.

1.2 Presentation currency

All amounts have been presented in the currency of the South African Rand (R) which is also the functional currency of the department.

1.3 Rounding

Unless otherwise stated all financial figures have been rounded to the nearest one thousand Rand (R'000).

1.4 Comparative figures

Prior period comparative information has been presented in the current year's financial statements. Where necessary figures included in the prior period financial statements have been reclassified to ensure that the format in which the information is presented is consistent with the format of the current year's financial statements.

1.5 Comparative figures - Appropriation Statement

A comparison between actual amounts and final appropriation per major classification of expenditure is included in the Appropriation Statement.

2. Revenue

2.1 Appropriated funds

Appropriated funds comprises of departmental allocations as well as direct charges against revenue fund (i.e. statutory appropriation).

Appropriated funds are recognised in the financial records on the date the appropriation becomes effective. Adjustments made in terms of the adjustments budget process are recognised in the financial records on the date the adjustments become effective.

The total appropriated funds received during the year are presented in the statement of financial performance.

Unexpended appropriated funds are surrendered to the National/Provincial Revenue Fund. Any amounts owing to the National/Provincial Revenue Fund at the end of the financial year are recognised as payable in the statement of financial position.

2.2 Departmental revenue

All departmental revenue is recognised in the statement of financial performance when received and is subsequently paid into the National/Provincial Revenue Fund, unless stated otherwise.

Any amount owing to the National/Provincial Revenue Fund is recognised as a payable in the statement of financial position.

No accrual is made for the amount receivable from the last receipt date to the end of the reporting period. These amounts are however disclosed in the disclosure note to the annual financial statements.

2.3 Direct Exchequer receipts / payments

All direct exchequer receipts are recognised in the statement of financial performance when the cash is received and subsequently paid into the National/Provincial Revenue Fund, unless otherwise stated.

All direct exchequer payments are recognised in the statement of financial performance when final authorisation for payment is effected on the system (by no later than 31 March of each year).

Any amount owing to the National/Provincial Revenue Funds at the end of the financial year is recognised as a payable in the statement of financial position.

2.4 Aid assistance

Aids assistance is recognised as revenue when received

All in-kind aid assistance is disclosed at fair value on the date of receipt in the annexures to the Annual Financial Statements

The cash payments made during the year relating to aid assistance projects are recognised as expenditure in the statement of financial performance when final authorisation for payments is effected on the system (by no later than 31 March of each year)

The value of the assistance expensed prior to the receipt of funds is recognised as a receivable in the statement of financial position.

Inappropriately expensed amounts using aid assistance and any unutilised amounts are recognised as payables in the statement of financial position.

All CARA funds received must be recorded as revenue when funds are received. The cash payments made during the year relating to CARA earmarked projects are recognised as expenditure in the statement of financial performance when final authorisation for payments effected on the system (by no later than 31 March of each year)

Inappropriately expensed amounts using CARA funds are recognised as payables in the statement of financial position. Any unutilised amounts are transferred to retained funds as they are not surrendered to the revenue fund.

3. **Expenditure**

3.1 Compensation of employees

3.1.1 Short-term employee benefits

The cost of short-term employee benefits are expensed in the statement of financial performance when financial authorisation for payment is effected on the system (by no later than 31 March each year)

Short-tem employee benefits that give rise to a present legal or constructive obligation are disclosed in the disclosure notes to the financial statements. These amounts must not be recognised in the statement of financial performance or position.

Employee cost are capitalised to the cost of a capital project when an employee spends more than 50% of his/her time in the project. These payments form part of expenditure for capital assets in the statement of financial performance.

3.1.2 Post retirement benefits

Employer contribution (i.e. social contributions) are expensed in the statement of financial performance when the final authorisation for payment is effected on the system (by no later than 31 March each year).

No provision is made for retirement benefits in the financial statements of the department. Any potential liabilities are disclosed in the financial statements of the National Revenue Funds and not in the financial statements of the employer department.

Social contribution (such as medical benefits) made by the department for certain of its ex-employees are classified as transfers to households in the statement of financial performance.

3.1.3 Termination benefits

Termination benefits such as severance packages are recognised as an expense in the statement of financial performance as a transfer (to households) when the final authorisation for payment is effected on the system (by no later than 31 March of each year).

3.1.4 Other long-term employee benefits

Other long-term employee benefits (such as capped leave) are recognised as an expense in the statement of financial performance as a transfer (to households) when the final authorisation for payment is effected on the system (by no later than 31 March of each year).

Long-term employee benefits that give rise to a present legal or constructive obligation are disclosed in the disclosure notes to the financial statements.

3.2 Goods and services

Payments made for goods and/or services are recognised as an expense in the statement of financial performance when the final authorisation for payment is effected on the system (by no later than 31 March of each year).

The expense is classified as capital if the goods and/or services were acquired for a capital project or if the total purchase price exceeds the capitalisation threshold (currently R5, 000). All other expenditures are classified as current.

3.3 Interest and rent on land

Interest and rental payments are recognised as an expense in the statement of financial performance when the final authorisation for payment is effected on the system (by no later than 31 March of each year). This item excludes rental for the use of buildings or other fixed structures. If it is not possible to distinguish between payment for the use of land and the fixed structures on it, the whole amount should be recorded under goods and services.

3.4 Financial transactions in assets and liabilities

Debts are written off when identified as irrecoverable. Debts written-off are limited to the amount of savings and/or underspending of appropriated funds. The write off occurs at year-end or when funds are available. No provision is made for irrecoverable amounts but an estimate is included in the disclosure notes to the financial statements amounts.

All other losses are recognised when authorisation has been granted for the recognition thereof.

3.5 Transfers and subsidies

Transfers and subsidies are recognised as an expense when the final authorisation for payment is effected on the system (by no later than 31 March of each year).

3.6 Unauthorised expenditure

When confirmed unauthorised expenditure is recognised as an asset in the statement of financial position until such time as the expenditure is either approved by the relevant authority, recovered from the responsible person or written off as irrecoverable in the statement of financial performance.

Unauthorised expenditure approved with funding is derecognised from the statement of financial position when the unauthorised expenditure is approved and the related funds are received.

Where the amount is approved without funding it is recognised as expenditure in the statement of financial performance on the date of approval.

3.7 Fruitless and wasteful expenditure

Fruitless and wasteful expenditure is recognised as expenditure in the statement of financial performance according to the nature of the payment and not as a separate line item on the face of the statement. If the expenditure is recoverable it is treated as an asset until it is recovered from the responsible person or written off as irrecoverable in the statement of financial performance.

3.8 Irregular expenditure

Irregular expenditure is recognised as expenditure in the statement of financial performance. If the expenditure is not condoned by the relevant authority it is treated as an asset until it is recovered or written off as irrecoverable.

Assets

4.1 Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at cost.

Bank overdrafts are shown separately on the face of the statement of financial position.

For the purposes of the cash flow statement, cash and cash equivalents comprise cash on hand, deposits held, other short-term highly liquid investments and bank overdrafts.

Other financial assets

Other financial assets are carried in the statement of financial position at cost.

4.3 Prepayments and advances

Amounts prepaid or advanced are recognised in the statement of financial position when the payments are made and where the goods and services have not been received by year end.

Prepayments and advances outstanding at the end of the year are carried in the statement of financial position at cost.

Receivables

Receivables included in the statement of financial position arise from cash payments made that are recoverable from another party or from the sale of goods/rendering of services.

Receivables outstanding at year-end are carried in the statement of financial position at cost plus any accrued interest. Amounts that are potentials irrecoverable are included in the disclosure notes.

4.5 Investments

Capitalised investments are shown at cost in the statement of financial position.

Investments are tested for an impairment loss whenever events or changes in circumstances indicate that the investment may be impaired. Any impairment loss is included in the disclosure notes.

4.6 Loans

Loans are recognised in the statement of financial position when the cash is paid to the beneficiary. Loans that are outstanding at year-end are carried in the statement of financial position at cost plus accrued interest.

Amounts that are potentially irrecoverable are included in the disclosure notes.

4.7 Inventory

Inventories that qualify for recognition must be initially reflected at cost. Where inventories are acquired at no cost, or for nominal consideration, their cost shall be their fair value at the date of acquisition.

All inventory items at year-end are reflected using the weighted average cost or FIFO cost formula.

4.8 Capital assets

4.8.1 Movable assets

Initial recognition

A capital asset is recorded on receipt of the item at cost. Cost of an asset is defined as the total cost of acquisition. Where the cost cannot be determined accurately, the movable capital asset is stated at fair value. Where fair value cannot be determined, the capital asset is included in the asset register at R1.

All assets acquired prior to 1 April 2002 are included in the register R1.

Subsequent recognition

Subsequent expenditure of a capital nature is recorded in the statement of financial performance as "expenditure for capital asset" and is capitalised in the asset register of the department on completion of the project.

Repairs and maintenance is expensed as current "goods and services" in the statement of financial performance.

4.8.2 Immovable assets

Initial recognition

A capital asset is recorded on receipt of the item at cost. Cost of an asset is defined as the total cost of acquisition. Where the cost cannot be determined accurately, the immovable capital asset is stated at R1 unless the fair value for the asset has been reliably estimated.

Subsequent recognition

Work-in-progress of a capital nature is recorded in the statement of financial performance as "expenditure for capital asset". On completion, the total cost of the project is included in the asset register of the department that legally owns the asset or the provincial/national Department of Public Works.

Repairs and maintenance is expensed as current "goods and services" in the statement of financial performance.

5. Liabilities

5.1 Payables

Recognised payables mainly comprise of amounts owing to other governmental entities. These payables are carried at cost in the statement of financial position.

5.2 Contingent liabilities

Contingent liabilities are included in the disclosure notes to the financial statements when it is possible that economic benefits will flow from the department, or when an outflow of economic benefits or service potential is probable but cannot be measured reliably.

5.3 Contingent assets

Contingent assets are included in the disclosure notes to the financial statements when it is possible that an inflow of economic benefits will flow to the entity.

5.4 Commitments

Commitments are not recognised in the statement of financial position as a liability or as expenditure in the statement of financial performance but are included in the disclosure notes.

5.5 Accruals

Accruals are not recognised in the statement of financial position as a liability or as expenditure in the statement of financial performance but are included in the disclosure notes.

5.6 Employee benefits

Short-term employee benefits that give rise to a present legal or constructive obligation are disclosed in the disclosure notes to the financial statements. These amounts are not recognised in the statement of financial performance or the statement of financial position.

5.7 Lease commitments

Finance lease

Finance leases are not recognised as assets and liabilities in the statement of financial position. Finance lease payments are recognised as an expense in the statement of financial performance and are apportioned between the capital and interest portions. The finance lease liability is disclosed in the disclosure notes to the financial statements.

Operating lease

Operating lease payments are recognised as an expense in the statement of financial performance. The operating lease commitments are disclosed in the discloser notes to the financial statement.

5.8 Provisions

Provisions are disclosed when there is a present legal or constructive obligation to forfeit economic benefits as a result of events in the past and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made.

Receivables for departmental revenue

Receivables for departmental revenue are disclosed in the disclosure notes to the annual financial statements.

7. Net Assets

7.1 Capitalisation reserve

The capitalisation reserve comprises of financial assets and/or liabilities originating in a prior reporting period but which are recognised in the statement of financial position for the first time in the current reporting period. Amounts are recognised in the capitalisation reserves when identified in the current period and are transferred to the National/Provincial Revenue Fund when the underlining asset is disposed and the related funds are received.

7.2 Recoverable revenue

Amounts are recognised as recoverable revenue when a payment made in a previous financial year becomes recoverable from a debtor in the current financial year. Amounts are either transferred to the National/Provincial Revenue Fund when recovered or are transferred to the statement of financial performance when written-off.

8. Related party transactions

Specific information with regards to related party transactions is included in the disclosure notes.

9. Key management personnel

Compensation paid to key management personnel including their family members where relevant, is included in the disclosure notes.

10. Public private partnerships

A description of the PPP arrangement, the contract fees and current and capital expenditure relating to the PPP arrangement is included in the disclosure notes.

Notes to the Annual Financial Statements for the year ended 31 March 2010

1. Annual Appropriation

1.1 Annual Appropriation

Included are funds appropriated in terms of the Appropriation Act (and the Adjustments Appropriation Act) for National Departments (Voted funds) and Provincial Departments:

| | Final Appropriation R'000 | Actual Funds Received R'000 | Funds not requested/ not received R'000 | Appropriation received 2008/09 R'000 |
|-------------|---------------------------------|-----------------------------------|--|---|
| Programme 1 | 155,271 | 155,271 | - | 100,615 |
| Programme 2 | 258,104 | 258,104 | - | 124,820 |
| Programme 3 | 2,043,976 | 2,043,976 | - | 1,408,449 |
| Programme 4 | 24,178 | 24,178 | - | 19,837 |
| Programme 5 | 10,872 | 10,872 | - | 11,960 |
| Total | 2,492,401 | 2,942,401 | | 1,665,681 |

Komnotho Nezokuvakasha

KWAZULU-NATAL PROVINCIAL GOVERNMENT

Part 5: Human Resources

PART FIVE: HUMAN RESOURCES

The Executive Authority shall -

- in terms of section 92(3)(b) or 133(3)(b) of the Constitution, 1996 include the information set in PSR J3 in the annual report, contemplated in sections 40(1)(d)(i) and (3) and 65(1)(a) and (2) of the Public Finance Management Act (PFMA), 1999 and paragraphs 18.3 and 18.4 of the Treasury Regulations
- in accordance with section 65(1)(a) of the Public Finance Management Act (PFMA), 1999 within one month after the accounting officer for the department received its audit report, table in the relevant legislature that annual report, and simultaneously submit that annual report to the relevant treasury, the media and the public.

The statistics and information published in this part of the annual report are required in terms of regulation III J.3 of the Public Service Regulations and have been prescribed by the Minister for the Public Service and Administration for all government departments within the Public Service.

The statistical tables provide high-level information on key human resource issues. The information aims to empower legislatures, the media, the public and other key stakeholders to monitor whether departments:-

- Are exercising the powers granted under Public Service and Public Finance legislation in a responsible manner,
- Are achieving national transformation priorities established by the Cabinet, for example affirmative action.

1. Service Delivery

All departments are required to develop a Service Delivery Improvement Plan. The following table reflects the components of the SDI plan as well as progress made in the implementation of the plans.

The department is still in the process of building capacity in terms of the post structure for the service delivery improvement programme. It is anticipated that a unit to support & implement this activity will be implemented with effect from the 2010/2011 financial year.

2 - Expenditure

Department's budget in terms of clearly defined programmes. The following tables summarise final audited expenditure by programme (Table 2.1) and by salary bands (Table 2.2). In particular, it provides an indication of the amount spent on personnel costs in terms of each of the programmes or salary bands within the department.

| Programme | Total Expenditure (R'000) | Personnel Expenditure (R'000) | Training Expenditure (R'000) | Professional and Special Services (R'000) | Professional Personnel cost and Special as a percent of Services (R'000) total expenditure | Average personnel cost per employee (R'000) |
|---------------------------------|---------------------------------|-------------------------------------|------------------------------------|---|--|---|
| Administration | 146 275 | 40 298 | 856 | 8 351 | 27,5 | 344 |

TABLE 2.3 – Salaries, Overtime, Home Owners Allowance and Medical Aid by programme, 2009/10

3 - Employment and Vacancies

The tables in this section summarise the position with regard to employment and vacancies.

The following tables summarise the number of posts on the establishment, the number of employees, the vacancy rate, and whether there are any staff that are additional to the establishment. This information is presented in terms of three key variables:- programme (Table 3.1), salary band (Table 3.2) and critical occupations (Table 3.3). Departments have identified critical occupations that need to be monitored. Table 3.3 provides establishment and vacancy information for the key critical occupations of the department. In terms of current regulations, it is possible to create a post on the establishment that can be occupied by more than one employee. Therefore, the vacancy rate reflects the percentage of posts that are not filled.

TABLE 3.1 – Employment and vacancies by programme, 31 March 2010

| Programme | Number of posts | Number of posts filled | Vacancy Rate | Number of employees additional to the establishment |
|---------------------------------|--------------------|------------------------|-----------------|---|
| Administration | 137 | 117 | 14.6 | 0 |
| Integrated Economic Development | 114 | 92 | 19.3 | 1 |
| Trade & Industry Development | 43 | 31 | 27.9 | 0 |
| Business Regulations | 56 | 45 | 19.6 | 1 |
| Economic Planning | 16 | 10 | 37.5 | 0 |
| Total | 366 | 295 | 19.4 | 2 |

The high vacancy rate is as a result of new positions being created and being unable to be filled due to moratorium of filling positions.

TABLE 3.2 – Employment and vacancies by salary bands, 31 March 2010

| Salary band | Number of posts | Number of posts filled | Vacancy Rate | Number of employees additional to the establishment |
|--------------------------------------|--------------------|------------------------|-----------------|---|

| Trade/industry advisor & other related profession | 90 | 67 | 25.5 | 0 |
| Senior Managers, permanent | 37 | 31 | 16.22 | 0 |
| TOTAL | 366 | 295 | 19.4 | 2 |

The information in each case reflects the situation as at 31 March 2010. For an indication of changes in staffing patterns over the year under review, please refer to section 5 of this report.

4 - Job Evaluation

The Public Service Regulations, 1999 introduced job evaluation as a way of ensuring that work of equal value is remunerated equally. Within a nationally determined framework, executing authorities may evaluate or re-evaluate any job in his or her organisation. In terms of the Regulations all vacancies on salary levels 9 and higher must be evaluated before they are filled. This was complemented by a decision by the Minister for the Public Service and Administration that all SMS jobs must be evaluated before 31 December 2002. The following table (Table 4.1) summarises the number of jobs that were evaluated during the year under review. The table also provides statistics on the number of posts that were upgraded or downgraded.

The Department undertook preliminary reviews and preparatory work to evaluate positions, however at the time a moratorium was placed on filling vacant posts this process was halted and will commence in the new year for critical posts and in line with the review of the organisational structure. Therefore no statistics are provided in this section.

5 - Employment Changes

This section provides information on changes in employment over the financial year. Turnover rates provide an indication of trends in employment profile of the department. The following tables provide a summary of turnover rates by salary band (Table 4.1) for critical occupations (Table 4.2). (These "critical occupations" should be the same as those listed in Table 2.3)

TABLE 5.1 – Annual turnover rates by salary band

| Salary Band | Employment at beginning of period-April 2009 | Appointments | Terminations | Turnover rate |
|--|--|--------------|--------------|------------------|

TABLE 7.4 -Performance related rewards (cash bonus), by salary band for Senior **Management Service**

Assessments will be reviewed in 2010/2011 financial year

8 - Foreign Workers

The tables below summarise the employment of foreign nationals in the department in terms of salary bands and by major occupation. The tables also summarise changes in the total number of foreign workers in each salary band and by each major occupation.

Foreign workers, April 2009 to March 2010 by salary band

| Salary Band | April | 2009 | 31 Marc | ch 2010 | Ch | ange |
|--|--------|------------|---------|------------|--------|----------|
| | Number | % of total | Number | % of total | Number | % Change |
| Lower skilled | 0 | 0 | 0 | 0 | 0 | 0 |
| Highly skilled production (Lev. 6-8) | 1 | 20 | 1 | 16.7 | 0 | 0 |
| Highly skilled supervision (Lev. 9-12) | 4 | 80 | 5 | 83.3 | 1 | 100 |
| Senior management | 0 | 0 | 0 | 0 | 0 | 0 |
| Total | 5 | 100 | 6 | 100 | 1 | 100 |

Foreign workers, April 2009 to March 2010 by major occupation

| Major occupation | April | 2009 | 31 Mar | ch 2010 | CI | nange |
|--|--------|------------|--------|------------|--------|----------|
| | Number | % of total | Number | % of total | Number | % Change |
| Highly skilled production | 1 | 20 | 1 | 16.7 | 0 | 0 |
| Professionally qualified and experienced specialists and midmanagement | 4 | 80 | 5 | 83.3 | 1 | 100 |
| Total | 5 | 100 | 6 | 100 | 1 | 100 |

9 - Leave utilisation for the period 1 April 2009 to 31 March 2010

The Public Service Commission identified the need for careful monitoring of sick leave within the public service. The following tables provide an indication of the use of sick leave (Table 9.1) and disability leave (Table 9.2). In both cases, the estimated cost of the leave is also provided.

TABLE 9.1 - Sick leave, 1 January 2009 to 31 December 2010

| GRADE (SALARY BAND) | Total days | Per cent certification | Number of Employees using sick leave | % of total employees using sick leave | Average per employee | Estimated Cost (R'000) |
|----------------------------|---------------|---------------------------|---|--|----------------------------|------------------------------|
| Lower skilled | - | - | - | - | - | - |
| Skilled | 110 | 89.1 | 16 | 9.4 | 7 | 31 |
| Highly skilled production | 299 | 82.9 | 44 | 25.7 | 7 | 141 |
| Highly skilled supervision | 627 | 86.9 | 90 | 52.6 | 7 | 826 |
| Top and Senior management | 18 | 61.1 | 7 | 4.1 | 3 | 52 |
| Contract (levels 6-8) | 49 | 81.6 | 10 | 5.8 | 5 | 23 |
| Contract (Levels 9-12) | 12 | 75 | 4 | 2.3 | 3 | 13 |
| Total | 1115 | 85.3 | 171 | 100 | 7 | 1086 |

TABLE 9.2 – Disability leave (temporary and permanent), 1 April 2009 to 31 March 2010

| GRADE (SALARY BAND) | Total days taken | Per cent certification | Number of Employees using disability leave | % of total employees using disability leave | Average per employee | Estimated Cost (R'000) |
|----------------------------|------------------------|---------------------------|--|---|----------------------------|------------------------------|
| Lower skilled | 0 | 0 | 0 | 0 | 0 | 0 |
| Skilled | 13 | 100 | 1 | 16.6 | 13 | 4 |
| Highly skilled production | 248 | 100 | 3 | 50 | 82 | 1 |
| Highly skilled supervision | 112 | 100 | 2 | 33.3 | 56 | 223 |
| Top and Senior management | 0 | 0 | 0 | 0 | 0 | 0 |
| Total | 373 | 100 | 6 | 100 | 62 | 228 |

Table 9.3 summarises the utilisation of annual leave. The wage agreement concluded with trade unions in the PSCBC in 2000 requires management of annual leave to prevent high levels of accrued leave being paid at the time of termination of service.

TABLE 9.3 – Annual Leave, 1 April 2009 to 31 Dec 2010

| GRADE (SALARY BAND) | Total days taken | Number of Employees using annual leave | Average per employee |
|----------------------------|------------------|--|----------------------|
| Lower skilled | 0 | 0 | 0 |
| Skilled | 435 | 29 | 6.7 |
| Highly skilled | 1358 | 75 | 5.52 |
| Highly skilled supervision | 2796 | 159 | 5.7 |
| Top and Senior management | 235 | 12 | 5.11 |
| Contract | 289 | 17 | 5.9 |
| Total | 5113 | 292 | 5.71 |

TABLE 9.4 - Capped leave, 1 January 2009 till 31 December 2010

| GRADE (SALARY BAND) | Total days of capped leave taken | Number of Employees using capped leave | Average number of days taken per employee |
|--|-------------------------------------|--|---|
| Lower skilled | 0 | 0 | 0 |
| Skilled | 0 | 0 | 0 |
| Highly skilled (Levels 6-8) | 15 | 3 | 5 |
| Highly skilled supervision (Levels 9-12) | 23 | 4 | 6 |
| Top and Senior management | 0 | 0 | 6 |
| Total | 38 | 7 | 5 |

The following table summarises payments made to employees as a result of leave that was not taken.

TABLE 9.5 – Leave payouts for the period 1 April 2009 till 31 March 2010

| REASON | Total Amount (R'000) | Number of Employees | Average per employee (R'000) |
|---|-------------------------|------------------------|------------------------------------|
| Leave payout for 2009/10 due to non-utilisation of leave for the previous cycle | 60 | 3 | 20 |
| Capped leave payouts on termination of service for 2009/10 | 196 | 3 | 65 |
| Current leave payout on termination of service for 2009/10 | 63 | 6 | 21 |
| Total | 322 | 24 | 13 |

10 HIV/AIDS & Health Promotion Programmes

TABLE 10.1 – Steps taken to reduce the risk of occupational exposure

| Units/categories of employees identified to be at high risk of contracting HIV & related diseases (if any) | Key steps taken to reduce the risk | |
|--|------------------------------------|--|
| None | | |

TABLE 10.2 – Details of Health Promotion and HIV/AIDS Programmes (tick the applicable boxes and provide the required information)

| Question | Yes | No | Details, if yes |
|---|--------------|----|---|
| 1. Have you designated a member of the SMS to implement the provisions contained in Part VI E of Chapter 1 of the Public Service Regulations, 2001? If so, provide her/his name and position. | $\sqrt{}$ | | Mr Logan Naidu |
| 2. Do you have a dedicated unit or have you designated specific staff members to promote the health and well being of your employees? If so, indicate the number of employees who are involved in this task and the annual budget that is available for this purpose. | \checkmark | | The EAP Practitioner Budget has been provided within the HR Directorate |
| 3. Have you introduced an Employee Assistance or Health Promotion Programme for your employees? If so, indicate the key elements/services of this Programme. | \checkmark | | Counselling services on personal and work-related issues Personal Finance Management programme HIV/AIDS Programme Gender and Disability programme Occupational Health and Safety Health & Productivity Management |

| Question | Yes | No | Details, if yes |
|--|-----------|----|--|
| 4. Have you established (a) committee(s) as contemplated in Part VI E.5 (e) of Chapter 1 of the Public Service Regulations, 2001? If so, please provide the names of the members of the committee and the stakeholder(s) that they represent. | V | | Mr Logan Naidu HRM (Chairperson) Mr Eric Sandlana – Corporate Services Mr Tito Mngoma – Corporate Communications Nokuthula Dlamini – EAP |
| 5. Have you reviewed the employment policies and practices of your department to ensure that these do not unfairly discriminate against employees on the basis of their HIV status? If so, list the employment policies/practices so reviewed. | V | | The Recruitment, Selection and Benefits Policies and practices Skills development and training policy practices |
| 6. Have you introduced measures to protect HIV-positive employees or those perceived to be HIV-positive from discrimination? If so, list the key elements of these measures. | V | | An HIV/AIDS policy is in the approval process. The policy clearly outlines that discrimination on the basis on of HIV status is prohibited. Education and awareness around the issue of HIV/AIDS also assist in dealing with some of the misconceptions and myths around HIV/AIDS. We also have an open door policy where at any time an HIV positive employee cab cine and discuss his/her concerns |
| 7. Do you encourage your employees to undergo Voluntary Counselling and Testing? If so, list the results that you have you achieved. | $\sqrt{}$ | | The focus has been on an individual level at this stage and little feedback has been forthcoming in terms of disclosures although some employees have disclosed. There is still reluctance to test and disclose. Towards the end of 2009 we have seen an increase in the number of employees who tested and more are positive about their general wellbeing |
| 8. Have you developed measures/indicators to monitor & evaluate the impact of your health promotion programme? If so, list these measures/indicators. | V | | Monitoring the use of sick and vacation leave Baseline employee health and wellness report awaited upon which programme design will be based and will then be reviewed periodically. |

11 – Labour Relations

The following collective agreements were entered into with trade unions within the department.

TABLE 11.1 – Collective agreements, 1 April 2009 to 31 March 2010

| T 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 | N.I. |
|---|--------|
| Total collective agreements | None |
| Total collective agreet let is | 140110 |

The following table summarises the outcome of disciplinary hearings conducted within the department for the year under review.

TABLE 11.2 – Misconduct and disciplinary hearings finalised, 1 April

| Outcomes of disciplinary hearings | Number | % of total |
|-----------------------------------|--------|------------|
| Correctional Counselling | 3 | 37.5 |
| Verbal warning | 0 | 0 |
| Written warning | 3 | 37.5 |
| Final written warning | 2 | 25 |
| Suspended without pay | 0 | 0 |
| Not guilty | 0 | 0 |
| Case withdrawn | 0 | 0 |
| Dismissal | 0 | 0 |
| Total | 8 | 100 |

TABLE 11.3 – Types of misconduct addressed at disciplinary hearings

| Type of misconduct (based on annexure A) | Number | % of total |
|--|--------|------------|
| Absent without permission | 1 | 12.5 |
| Poor work performance | 1 | 12.5 |
| In-subordination | 4 | 50 |
| Un-procedural removal of property | 1 | 12.5 |
| Unfair treatment of an employee | 1 | 12.5 |
| Total | 8 | 100 |

TABLE 11.4 – Grievances logged for the period 1 April 2009 till 31 March 2010

| | Number | % of Total |
|--------------------------------------|--------|------------|
| Number of grievances resolved | 0 | 0 |
| Number of grievances not resolved | 2 | 100 |
| Total number of grievances addressed | 2 | 100 |

TABLE 11.5 – Disputes logged for the period 1 April 2009 till 31 March 2010

| Number | % of Total |
|--------|------------|
| 0 | 0 |

TABLE 11.6 – Strike actions for the period 1 April 2009 till 31 March 2010

| Total number of persons working days lost | |
|--|---|
| | 0 |
| Amount (R'000) recovered as a result of no work no pay | 0 |

TABLE 11.7 – Precautionary suspensions for the period 1 April 2009 till 31 March 2010

| Number of people suspended | 2 |
|---|-----|
| Number of people who's suspension exceeding 30 days | 1 |
| Average number of days suspended | 101 |
| Cost (R'000) of suspension | 232 |

12 - Skills Development

This section highlights the efforts of the department with regard to skills development.

12.1 Training provided for the period 1 April 2009 to 31 March 2010

| Occupational Gender Number of Training provided within | | | | ded within the | the reporting period | | |
|--|--------|----------------------------------|--------------|---|----------------------|-------|--|
| Categories | | employees as at April 2009 | Learnerships | Skills Programmes & other short courses | | Total | |
| Legislators, senior officials and | Female | 9 | 0 | 17 | 10 | 27 | |
| managers | Male | 13 | 0 | 21 | 14 | 35 | |
| Professionals | Female | 59 | 0 | 28 | 12 | 40 | |
| | Male | 69 | 0 | 48 | 12 | 60 | |
| Highly skilled (Levels 6-8) | Female | 49 | 0 | 41 | 22 | 63 | |
| | Male | 15 | 0 | 16 | 09 | 25 | |
| Skilled (level 3-5) | Female | 13 | 0 | 11 | 4 | 15 | |
| | Male | 110 | 0 | 8 | 2 | 10 | |
| Sub Total | Female | | | | | | |
| | Male | | | | | | |
| Total | | 237 | 0 | 211 | 97 | 308 | |

13 – Injury on duty

There were no cases of injury on duty during the period of review.

14 - Utilisation of Consultants

| Project Title | Duration | Contract value in Rand |
|---|-----------|---|
