

A vibrant, healthy and resilient coast, with sustainable access to resources for all.

KwaZulu-Natal Coastal Management Programme (KZN CMP) 2024-2029

The provincial CMP is a roadmap for the sustainable and integrated management of our KZN coast. It has been thoroughly reviewed, with insights gathered from research and stakeholder engagement. The eight Priority Areas of the programme have now been confirmed. KZN EDTEA leads the implementation, working with other government agencies and coastal stakeholders.

KwaZulu-Natal has identified eight Priority Areas to achieve a sustainably developed and resilient coast:

- **Coastal Access****1**
- **Coastal Vulnerability:
Adaptation and
Resilience****2**
- **Compliance and
Enforcement****3**
- **Cooperative
Governance****4**
- **Education,
Awareness
and Training****5**
- **Estuarine
Management****6**
- **Minimising Land
and Marine-based
Sources of Pollution****7**
- **Monitoring****8**
