This Standard Bidding Document (SBD) must form part of all bids invited. It contains general information and serves as a declaration form for local content (local production and local content are used interchangeably).

Before completing this declaration, bidders must study the General Conditions, Definitions, Directives applicable in respect of Local Content as prescribed in the Preferential Procurement Regulations, 2017, the South African Bureau of Standards (SABS) approved technical specification number SATS 1286:2011 (Edition 1) and the Guidance on the Calculation of Local Content together with the Local Content Declaration Templates [Annex C (Local Content Declaration: Summary Schedule), D (Imported Content Declaration: Supporting Schedule to Annex C) and E (Local Content Declaration: Supporting Schedule to Annex C)].

1. General Conditions

- 1.1. Preferential Procurement Regulations, 2017 (Regulation 8) make provision for the promotion of local production and content.
- 1.2. Regulation 8. (2) prescribes that in the case of designated sectors, organs of state must advertise such tenders with the specific bidding condition that only locally produced or manufactured goods, with a stipulated minimum threshold for local production and content will be considered.
- 1.3. Where necessary, for tenders referred to in paragraph 1.2 above, a two stage bidding process may be followed, where the first stage involves a minimum threshold for local production and content and the second stage price and B-BBEE.
- 1.4. A person awarded a contract in relation to a designated sector, may not sub-contract in such a manner that the local production and content of the overall value of the contract is reduced to below the stipulated minimum threshold.
- 1.5. The local content (LC) expressed as a percentage of the bid price must be calculated in accordance with the SABS approved technical specification number SATS 1286: 2011 as follows:

$$LC = [1 - x / y] * 100$$

Where

x is the imported content in Rand

y is the bid price in Rand excluding value added tax (VAT)

Prices referred to in the determination of x must be converted to Rand (ZAR) by using the exchange rate published by South African Reserve Bank (SARB) on the date of advertisement of the bid as indicated in paragraph 3.1 below.

The SABS approved technical specification number SATS 1286:2011 is accessible on [http://www.thedti.gov.za/industrial development/ip.jsp](http://www.thedti.gov.za/industrial%20development/ip.jsp) at no cost.

- 1.6. A bid may be disqualified if this Declaration Certificate and the Annex C (Local Content Declaration: Summary Schedule) are not submitted as part of the bid documentation;

2. The stipulated minimum threshold(s) for local production and content (refer to Annex A of SATS 1286:2011) for this bid is/are as follows:

3. Does any portion of the goods or services offered have any imported content?

(Tick applicable box)

YES	<input type="checkbox"/>	NO	<input type="checkbox"/>
-----	--------------------------	----	--------------------------

3.1. If yes, the rate(s) of exchange to be used in this bid to calculate the local content as prescribed in paragraph 1.5 of the general conditions must be the rate(s) published by SARB for the specific currency on the date of advertisement of the bid.

The relevant rates of exchange information is accessible on www.resbank.co.za

Indicate the rate(s) of exchange against the appropriate currency in the table below (refer to Annex A of SATS 1286:2011):

1. Background Information

There are several Auto Service Provider (ASPs) located in the townships and semi-rural areas across KZN. Most of these ASPs are not affiliated with any of the formal associations in the automotive space. These ASPs are often small to micro and are less formally operating businesses. The township and semi-rural ASPs core business is the repairing and servicing of vehicles. These businesses often operate below the required quality standards due to a lack of skills and infrastructure. An intense skills development programme is necessary to help them grow their businesses, thus creating jobs and growing the township and rural economy. Furthermore, once these businesses have the requisite skills and accreditations, they will be able to participate in the mainstream of the economy, including the maintenance of government fleets and privately insured vehicles.

1.2. Departmental and Programme Overview

The strategic plan for the Department of Economic Development, Tourism and Environmental Affairs (EDTEA) is to attain a radically transformed, inclusive and sustainable economic development for the province of KwaZulu-Natal. This strategic plan will be realised through specific sector interventions that promote economic growth, create jobs, and ease poverty and inequalities. Entrepreneurs operating within townships and rural areas can provide products and services consumed by people residing within and surrounding areas. Still, they lack the necessary skills and accreditations required to participate fully in the

mainstream economy of automotive aftermarket services. Therefore, the department seeks to support the township economy through the upskilling of motor mechanics and diesel mechanics already operating within the province of KwaZulu-Natal.

1.3. The Rationale of the Project

EDTEA, in collaboration with MerSETA, has established a training programme aimed at upskilling township and semi-rural motor mechanics and diesel mechanics. This programme will be implemented under the MerSETA guidelines to provide the Artisan Recognition of Prior Learning.
